Lane, 玛祖铭立Renz系列

Lane, imported from Renz in Germany

Lane简洁的设计中却充满感情，平静中蕴涵无限张力，惊艳的外表下却有着无与伦比的功能性，理智与情感就此交融，让人无法不为之倾倒。

With a design that's minimalist, yet passionate; stationary, yet conveying a sense of motion; attractive, yet offering great performance;

行云流水的曲线设计

Lane 通过巧妙的设计，拥有一气呵成，看似一体成型的曲线桌面，斜纹木皮的巧用与工艺的精湛使其台面与桌脚折弯处宛如无缝式的优雅过渡，让Lane拥有无与伦比的高辨识度。

精湛工艺

Lane把对德式美学的追求融入其产品极致的设计工艺中。流畅的木纹拼接、天衣无缝镀铬加工处理，让整个产品宛若浑然天成，无懈可击。

Delicate design

The focus lies on the tabletop, which seems to be formed from a single piece. The containers are available in various colors in high-gloss or matte finish and can be combined in a customized way.

Exquisite craft

Lane integrates its fantasy for German aesthetics into this design. Smooth grain connection, seamless chrome electroplate craft contribute to monolithic appearance, expressing high quality of art.

智能走线

桌面与座地柜以一个枢纽连接，保证了工作位的移动性以及电源供应。桌下的铝管槽可隐藏充电器、变压器、电线等。顶部的电源管理盒可通过底柜或者沿着桌下走线槽走线，保持外观的整洁性。

强大储藏

座地柜功能强大，集各种功能，兼具多种色彩选择，可处理成亮光或哑光的表面，灵活组合。

Smart cabling

The table and the container are connected by a hinge that enables the table to be moved and also accommodates the power supply. Chargers, transformers, cables - everything disappears into an aluminum cable channel under the table. Vertical cable management can run through the container or along the inside of the end panel, making it barely visible.

Great storage ability

Floor cabinet integrates various functions. Different colors are available, with different effect, polished or matt, enabling flexible combination.
