

# Singlax 沙发

Designer: EXH design

为公司创造价值的方式不仅是在办公桌前，休闲区也能创造更高的价值。无论是内部交流，还是外界的合作，Singlax的自由和创新，定义了一种新的办公形式——实际上，Singlax不仅仅是沙发的组合，它的诞生正是基于对打破传统工作模式的认知。

Values are not limited to tables and that more values may be created in the lounge. The freestyle and creativity of Singlax has defined a new office mode, be it internal communication or external coordination. In fact, Singlax means so much more than mere combination of sofas. It emerged from a groundbreaking perception of traditional work patterns and compose a happy minuet for your work and life.

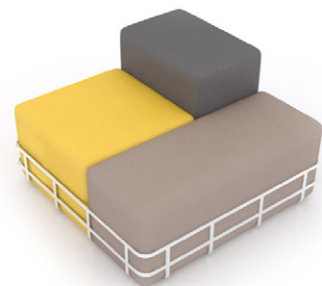

## Singlax=Sing+Relax

灵感源于对话，Singlax旨在为顾客营造轻松高效沟通空间。

Singlax金属结构中，盛满心情的写照。立着、躺着，通过不同的模块组合，堆积一个个独具匠心，无限创意的可能。

The metal frames and structures portray human emotions and moods. Some standing up, some lying down, these variations represent infinite ingenuity.

Singlax配套茶几，拥有支持各种办公设备电源及网络端口的配置，将工作空间与沟通交流空间自然的融合于一体，让沟通不断“电”。

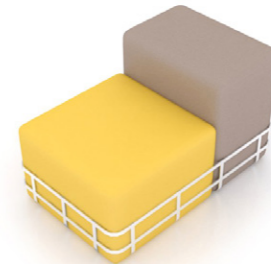

Singlax有别于其他沙发类产品，其内部没有任何木框结构，由100%高密度海绵填充。减轻产品重量的同时，方便使用者灵动地进行模块化组合；

外部，Singlax通过金属框将模块收纳其中，加固组合本体，防止使用者因不适坐姿、重心不稳而倾倒的意外。

Moreover, Singlax boast a myriad of office facilities, outlets, sockets and network ports, which seamlessly connect office and communication space. You are never offline!

Unlike other sofas, Singlax has no wooden framework inside. It uses 100% intensity sponge stuffing instead, to reduce weight and realize free combinations.

On the outside, Singlax uses metal framework to tuck modules in, strengthen combinations and avoid any accidental falling apart caused by changing postures of users.
