## Original German design

San\_Siro, product of MATSU's partner Kusch+Co

San\_Siro的名字来源于意大利的圣西罗球场。该球场是国际米兰和AC米兰的共同主场。San\_Siro除矩形台面和圆形台面外，还有两款非常特殊的台面形状，灵感分别来源于圣西罗球场和鹅卵石形状，故而San\_siro由此得名。

For the design of san\_siro, Norbert Geelen drew his inspiration from Italy's largest stadium: the Milan Giuseppe-Meazza-Stadium, commonly known as San Siro due to its location in the well-known district. Even some of the table tops are based on the characteristic, architectural shape of this stadium.
